FOR IMMEDIATE RELEASE

From Parts Unknown Releases Christa Faust's HOODTOWN in New eBook Edition.

June 8, 2011; Los Angeles, CA – *Hoodtown*, the genre-bending 'lucha-noir' novel from the "First Lady of Hard Case Crime" **Christa Faust** (*Money Shot*, *Choke Hold*) is now available in **eBook** format on the **Amazon Kindle** and on PCs, tablets and phones via the Kindle App. The introductory price is \$2.99, now available for immediate download.

Described by the author as "*Casablanca with wrestling masks*," *Hoodtown* is a fusion of *lucha libre* (Mexican masked wrestling) and **vintage pulp** with a **gritty hardboiled** sensibility, all centered on a tough **female lead**.

'**X**' is a disgraced wrestler living on the mean streets of an **all masked wrestler ghetto**. When a **serial killer** leaves behind not only dead, but *unmasked*, bodies, she is reluctantly drawn into not only the manhunt, but a conspiracy that threatens the very sanctity of Hoodtown's masked culture.

She also wrote and directed the **bondage adventure serial** *Dita in Distress*, featuring Burlesque queen **Dita Von Teese**. Faust is a **Film Noir** fanatic, an avid reader of **classic hardboiled pulp novels**, and an **MMA fight fan**. She lives and writes in Los Angeles.
